

STATKING Serves First Client in Australia

Cincinnati, OH - March 12, 2000 - STATKING Consulting, Inc. has entered into an agreement to provide biostatistical services for a study involving an oral surgical procedure conducted in the clinic of Dr. Stephen T. Chen of Melbourne, Australia. The study marks the first support provided by STATKING to clients on this continent. Previously, STATKING has provided data-related services to clients in over a dozen states in the US and two European countries.

About STATKING Consulting, Inc.

Since 1989, STATKING Consulting, Inc., has provided data related services (biostatistics, clinical data management, clinical study monitoring, medical writing, project management and clinical trial management) for clinical trials for the regulatory approval of novel drug and medical device products. The company is headquartered in Fairfield, OH. The company has provided support on over 250 clinical trials in a variety of drug and medical therapeutic areas.
